Juke Box

S2

Cartridge: Pick-it 25 A

Acoustically neutral high-mass acrylic platter

Built-in high-contrast display

Premium "All-in-one Plug & Play" turntable system

Building on the ground breaking Juke Box E, Juke Box S2 is taking the first audiophile all-in-one system to the next level. It comes with wooden frames in walnut or eucalyptus finish, an acrylic platter and our new Pick-it 25 A cartridge.

Juke Box S2

Wooden finish:  

- High contrast display • Front panel volume control • Bluetooth and 1 line input • Line and variable analogue output
- Gold plated sockets • Pre-adjusted tracking force & anti-skating force • Pick-it 25A cartridge
- Acoustically neutral high-mass acrylic platter • IR remote control included • Acrylic lid included

Juke Box E

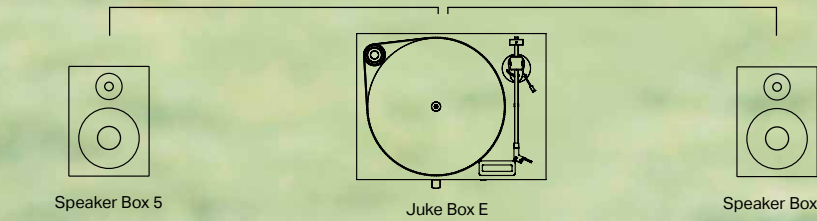

High gloss color options:   

- High contrast display • Front panel volume control • Bluetooth and 1 line input • Line record output
- Gold plated sockets • Pre-adjusted tracking force & anti-skating force • Cartridge: Ortofon OM5E
- IR remote control included • Acrylic lid included

"All-in-one Plug & Play" turntable system

Juke Box E is record player, phono stage, Bluetooth receiver, line pre-amplifier and power amplifier in one, requiring only a pair of speakers to make a complete system.

For enjoying a perfect stereo image:
If the speakers are two meters apart from each other,
the listener should sit at a maximum position of three meters,
but no further. For longer distances please use this 2:3 rule.
